About the University

St Aloysius Deemed to be University, Mangalore, is a premier institution committed to excellence in teaching, research, & community engagement. Rooted in Jesuit educational traditions, the University strives to foster intellectual growth, ethical leadership, & social responsibility among students.

The University offers a wide range of undergraduate, postgraduate, and research programmes across diverse disciplines and emphasises holistic education, innovation, and service to society.

About the School of Education (B. Ed)

The School of Education (B. Ed) at St Aloysius Deemed to be University is dedicated to preparing competent, reflective, and socially responsible teachers. The programme focuses on integrating theory and practice through innovative pedagogies, field experiences, and professional development activities.

The department actively promotes research, collaboration, and academic discussions on contemporary educational issues to strengthen teacher education and enhance classroom practices.

About the School of Vocational Studies

The School of Vocational Studies at St Aloysius (Deemed to be University) is dedicated to providing industry-oriented, skill-based education that prepares students for dynamic careers and entrepreneurship. The programmes focus on integrating academic knowledge with practical learning through hands-on training, internships, live projects, industry exposure, and innovative teaching practices.

The School actively promotes creativity, professional development, collaboration, and experiential learning, enabling students to build relevant skills, explore emerging career opportunities, and confidently transition into the world of work and higher education.

About the Conference

Education is undergoing rapid transformation due to technological advancements, changing learner needs, and evolving societal expectations. Teachers today must be equipped with innovative teaching strategies, inclusive practices, and skills to support the holistic development of learners.

The conference on "Transforming Education, Skills and Innovation for the Sustainable Future" aims to provide a platform for academicians, teacher educators, researchers, and students to discuss emerging trends, challenges, and innovative practices in education. The conference seeks to encourage meaningful dialogue and exchange of ideas that contribute to improving teaching-learning processes and shaping the future of education.

Objective of the Conference

- Promote discussion on emerging trends and innovations in education
- Encourage research and scholarly dialogue among teacher educators and researchers.
- Share best practices in teaching-learning processes.
- Address contemporary challenges faced by educators and learners.
- Strengthen collaboration among academic institutions and educational practitioners.

Call for Papers

The organising committee invites **research papers, conceptual papers, case studies, and review papers** from academicians, research scholars, teachers, and students.

Submissions should relate to the **conference theme or sub-themes.**

Theme: Transforming Education, Skills and Innovation for the Sustainable Future

Sub-Themes

1

Blended and Hybrid Learning

Innovative models that combine face-to-face teaching with digital learning environments to enhance student engagement & learning outcomes.

2

Inclusive Practices for Diverse Learners in Education

Focuses on inclusive education practices, differentiated instruction, & strategies to address the needs of learners from diverse backgrounds & abilities.

3

Engaging Learners with Literature in the Digital Age

Exploring digital storytelling, creative pedagogy, contemporary literary discourses, and literature's role in nurturing imagination, empathy, and critical thinking among learners.

4

Education for Employability and Social Development

Role of education in promoting skill development, financial literacy, employment opportunities, entrepreneurship, mental health support systems, and community engagement to enhance student and social well-being.

5

Rethinking History Education in the 21st Century

Innovative approaches to teaching history through historical thinking, heritage studies, archival sources, and technology-enabled learning.

6

Education for Democratic Values and Responsible Citizenship

Analysing education as a tool for addressing social inequality, gender issues, cultural diversity, and inclusive development in contemporary society.

7

Education for Democratic Values and Responsible Citizenship

Promoting physical fitness, mental well-being, healthy lifestyles, & holistic development through innovative approaches to sports, nutrition, wellness, & health education.
